# The Community Games are a series of sporting events that run across the West Midlands and Staffordshire.

We bring together all members of the community with local sports clubs in a friendly environment in order to create opportunities for people to try different activities.

**The aim of each day is simple, to bring a community together to get active, have fun and be inspired!**

We have a range of sponsorship opportunities for businesses of all shapes and sizes. We are looking for **like-minded businesses** to build partnerships with who understand the importance of giving back to the communities in which they operate.
